

Mississauga Canoe Club

31 Front Street North, Mississauga ON, L5H 2E1

Hello,

I am reaching out from the Mississauga Canoe Club as this summer we are launching a Paracanoe and Special Olympic program. We are inviting individuals with physical and/ or cognitive disabilities to come out and try paddling. Our goal is to provide people with disabilities safe, fun and inclusive paddling experiences facilitated by highly skilled coaches. This program is completely free of charge and all equipment will be provided. There are also opportunities to race locally, provincially, and nationally. The Mississauga Canoe Club has a rich history of developing champions on Mississauga's Credit River!

I am a Paralympian who trains at Mississauga Canoe Club. For me, being in my boat on the water is freedom and I am excited to share this incredible sport experience with others in our community and I am here to support you along the way!

Please reach out for more information about our program and to reserve your spot for this summer session.

Erica Scarff
Paddle All Program Coordinator
